NEW LIFE In CHRIST

There are 20 girls out of 26 who have accepted Christ as their Lord and Saviour...

Dear Friend & Partner in Ministry

We continue to look to Jesus the Author ,Perfector and Finisher of our faith. It is by His grace that we have stood the tests of the trying times and the stern difficulties during the month of June and we praise Him .While we have been financially constrained due to meagre resources

- We had to set up an Isolation room/space immediately for the 10 year old Shiela because she contracted Chicken pox.
- A 16 year Olivia with Organic Psychosis has to be observed and well fed as she is on heavy treatment for psychosis as well as HIV/AIDS. She is 5 months pregnant with twins and was brought by Butabika National Psychiatric Hospital.
- 16 year old pregnant girl accidentally broke all the plates and costs were incurred .
- Girls have had sleepless nights as one of them keeps getting nightmares with deafening screams .
- We have incurred school fees debts for this 2nd term for the 12 girls out the 19 young mothers in schools .The outstanding fees is 3,000 US \$ due to lack of funds though the head of schools allowed me to take the girls back .
- The Septic Tank's seams bust open which turned into a real emergency and unexpected cost .
- One of the toilets had a constant flow of water from the cistern which went unnoticed and has caused the water bill to rise to 1,000,000 Ug sh million which we

have not yet paid .The water cooperation has given a month to clear the bill.

JUNE DELIVERIES

All the 8 girls have had normal deliveries of their babies except for one Gloria who had a ceasarian section. Rose 15 years who is quite small in stature surprised the midwives at Mulago Hospital when she pushed her baby . The staff there has been often amazed at the way Wakisa girls deliver while they look quite small! .We often tell them that God hears the prayers we give the glory and honour to God whom we pray to on a daily basis. Flavia 15yrs her baby girl 2.5 kg. Rosemary had a baby boy 3.2kgs,Jennifer 17yrs –baby boy 3kg,Evas baby girl 2,7,Justine 16yrs baby boy,Mercy 14 yrs baby girl 2.7kgs,Gloria 17 yrs –baby girl 3.4kgs.

Gloria ,the 16 year old had the ceasarian .She is the one who was totally rejected by her family and has been with us for more than two weeks after delivery. At her grandma she had been accused by her abusive uncle of stealing his camera and took her to a home for juvenile delinquent This is where she met with a staff member who abused her and other girls at this home .We thought we could meet with the grandmother and plead for forgiveness for Gloria. When the counsellor met with the grandma she had no kind words for her grand daughter but she gave in to our counsellor's pleas and accepted Gloria on condition that she finds the family of the man (now in prison)who made Gloria pregnant.

Please pray for Gloria.

VOCATIONAL SKILLS

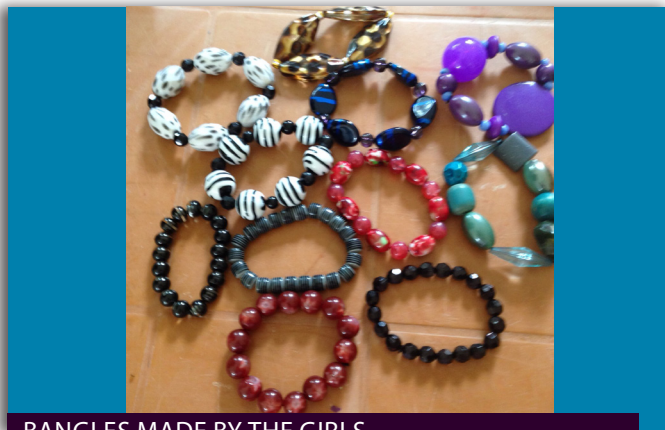

Is a unique program designed for career exposure to career opportunities. It is also designed to improve job seeking for young mothers.

The new added skills include the making of bangles and knitting and Ruth the new acting Center Manager is the one teaching the bangles.

Girls have learned various skills through the daily classes and things such as , maternity dresses ,skirts ,made paper beads and small bags, candles and grew maize and vegetables .

Young mothers who left the center like Hilda ,Angella and Dinah have utilized the knowledge acquired .Dinah is teaching the candle making at Wakisa while Angella has managed to pay for her 6 year old boy in school through the sales of samosas and doughnuts. Hilda would love to get a sewing machine to mend and make clothes in the community where she leaves.The skills training has helped equip such skill to even the 6 that have never been to school.

Bible study skits have enabled the girls to see the word of God coming alive and have understood the passages read clearly.

BANGLES MADE BY THE GIRLS

NEW LIFE in CHRIST

Olivia 16 yrs is an orphan and mentally challenged , which was diagnosed as organic psychosis She had signs of this condition at the age of 6. She was born with HIV/AIDS .She stays with her uncle who took her to witch doctors for healing. One day she was abducted by a man who kept her in hiding for 3months.He later threw her out after beating her .She found her way home to the uncle and his wife to their great relief .When the uncle realized that she had advanced mental confusion ,he decided to take her back to the mental hospital.

She is pregnant with twins so they brought her here.

At Wakisa ,Olivia doesn't have boundaries and enjoys talking to everyone but hates noise.

She is one of the girls who accepted Christ.

There are 20 girls out of 26 who have accepted Christ as their Lord and Saviour and so the staff and counsellor have started the journey of faith with these girls during their time at Wakisa .

THE GIRLS WITH THIER NEW BORN

EDUCATION -2ND School term

The school visiting Day for Dorcus ,Aisha (Annabel) ,Sarah and fell on this last Sunday .Ruth and Tim and Dinah went over to visit and stood in for Gloria, the sponsorship coordinator who is now on maternity leave with a baby girl. The girls are doing okay and performing well in class.

The rest of the students in other schools will be visited in this coming month .Having taken all girls back to school, we only managed to get school fees for some . The sponsorship program has girls but has not yet been able to pay in fees .I am appealing to you to donate toward this cause so that these young mothers will become empowered through an education. There is a balance of 3000 US \$for this term.

DORCUS AT SCHOOL

One Mary who had a very traumatic childhood has been a nagger, and mistreating her friends and failing to receive love but one can now see a great change and a smile on her face.

It is a real joy to see such girls who have received the Lord Jesus Christ .Do pray for a 17 year old Farida who was admitted two days ago and had a Koran in her bag .Her mother says she was in a relationship with a non moslem .

FAMILY

Paul ,Susan and Miriam are well and loving it at the mixed farm where Paul is as Manager .I don't see them quite often as Tim and Ruth but they are in my prayers as family. Ruth has accepted to come in at Wakisa as we are short of staff now that Gloria is on maternity leave.

There has been a number of speaking engagements for me this month in various places and have talked about the work of Wakisa .I do continue to pray, trusting God to provide for me that I purchase a new vehicle .

I am indeed grateful for your prayer and great support toward the work of the Ministry

May the Almighty bless you and continue to use you in this place.

Activities

The vocational skills training in **Cookery, Tailoring, Urban Agriculture, Candle making, paper bead making and handcraft** is empowering the girls for economic support. The poultry keeping which is part of Urban Agric has enabled us to feed the girls on eggs 3 times a week and they have had a rich harvest of vegetables.

WAKISA HARVEST

From our garden
 Products include, Papaya, Beans, Kale, Cabbages, Tomatos and Avocado.

Wakisa cookery class
 Girls learn how to bake and make snacks.

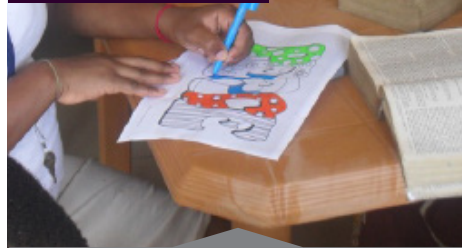

COOKERY CLASS

Please pray for the 5 girls who are about to sit for their examinations for senior 4 and senior 6.

BIBLE STUDY CLASS

Bible study classes
 June Casey has been taking the girls through these this week. The majority of the girls have accepted Jesus Christ as their Lord and Saviour. This is because of our Alpha Course which Susan is teaching as part of Bible Study. June Casey did well to train Susan when she was here some years ago.
