LIFE AT THE CENTRE AND VOCATIONAL SKILLS

The Vocational skills are a perfect way of equipping girls with skills. The tailoring and crafts have kept the girls busy and competitive.

The girls are continuously getting better with the all classes. This can be seen from the quality of products from the vocational classes; Cookery, Tailoring, Art and Crafts, Agriculture and the participation in the Life Skills class is continuous.

We had 2 volunteers from Doinggood, Carol and Paula her mother who are great at knitting. The girls have learnt to hand knit various things; hats, scarves, booties and are impressively enjoying Carols classes.

The antenatal checks reveal that all girls are HIV free to the glory of God.

Hilda who sustained second degree burn of her leg has improved.

The staff members in the medical and counselling departments have been attending external trainings by KCCA and CRANE network.

These trainings were focused on;

- Caring for minors in shelters
- Child protection Policies and Laws

SCHOOL SPONSORSHIP

The 5 young mothers in primary and secondary school have are home for the holidays for about 3 weeks. Please pray for Specioza 14 years one candidate in primary 7. She had a baby at 13 years last year. We pray that we continue to sponsor such young mothers back to school through your support.

GIVE GOD GLORY!

Catharine 16 years and her baby who had earlier been rejected by her dad and step mum, have now found forgiveness and favour in the eyes of these parents!

She has been with us since November 2017, and have stayed on for one month as she has nowhere to go. Catharine was always walking looking down, shy and ashamed but is now confident and radiant and confessed Christ as Lord and Saviour.

She had left home to find her real mum against her father's will because she longed to meet her mum someday. To her shock she found her mother running a brothel and poor Cathy was raped by two men she found at her mum's place. On return to her father home, he threw her out of home when he realized she was pregnant and had forbade her to look for her mum. He knew the kind of woman she was. Catharine does not know whose child she has. Her mum and one of the men were put in prison but later released.

Catharine was traumatized by the mum's mistreatment, the 2 men who raped her and father disowning her!

God touched Cathy's father heart and he forgave her after a number of telephone conversation from Wakisa Ministries.!!

Cathy and her one month old baby will be going home any time.

ADMISSIONS

We currently have 31 girls at the Centre. They all have been taken for Antenatal care and ultra sound scanning. Findings were, girls and babies are all healthy.

We have had 11 new admissions this month and the new girls are coping with the new changes well.

We did admit a girl called Jackie and her baby Timothy. They were brought to the Ministry by the police because they had nowhere to go. We housed them for a while and later found a safe place for them to stay. Jackie is well and will soon start a vocational course so she can be employable and able to take care of Timothy.

YOUTH AIM HIGH

As a Preventive measure to keep girls from getting pregnant, I have compiled a booklet to be taken to schools and given to these young girls as they leave Wakisa. It is meant to help both boys and girls. The title of the book is **Youth Aim High**. I am appealing to you to kindly donate towards the printing of my first 1000 copies at 2US \$ each.

Thank you for the many prayers, love and financial support for the entire work of a Wakisa Ministries. To God be the glory.
