

Cookery Class - Making Chaps

Dear Friend and Partner in Ministry,

God has accomplished great and mighty things in the lives of the young mums and the unborn babies. He has proved Himself powerful, reliable and loving in the service of the Ministry. We want to share with you the way the Lord has used your generosity and support to bless the lives of young mums and their unborn. **THANK YOU!**

Zainab - Transformation Stories

Zainabu 16, is from a family of 9 siblings where she is the 3rd born. She lost her mother when she was young and her father abandoned them. She grew up with her grandmother, brother and her paternal auntie and she moved from home to home thereafter. Zainabu's life has been full of challenges due to lack of basic needs in her life and lack of school fees. Due to these challenges, she decided to prostitute herself so she could get money to meet her needs. She also experienced pressure from her friends to own good clothes and fit in their group so this pushed her further into prostitution where she made bad decisions she says.

Zainabu was going to school and dropped out when she was suspended due to misbehavior and owning a cell phone at school which was against the school rules. This phone was shared with her friend so when zainabu was caught with it and suspended from school the friend demanded the share of the money she had contributed to buy the phone. Zainabu had no choice but went to a friend (boy) borrowed money and paid back her friend.

The boy didn't give her enough time to look for the money and started demanding for it, when Zainabu couldn't pay back he started demanding for sex, they had sex twice and unfortunately she became pregnant and the boy denied the pregnancy and disappeared. Everyone was upset with her getting pregnant and the environment became unbearable that's when she was brought to Wakisa ministries for help.

Zainab is at the centre and is looking forward to learning and changing the ways of life she knew before.

VOCATIONAL SKILLS

The vocational classes the girls attend include; candle making, cookery, tailoring, knitting and life skills such as infant care, Bible study and play/exercise time. In infant class, the focus has been on labor signs, breast feeding and personal hygiene.

The girls have been making paper envelopes and Gift cards in the crafts class. In the cookery class, the girls have been learning how to make chapatti on a charcoal stove. They learnt how to make chaps and pumpkin soup as well.
