## Dear Friend & Partner in Ministry

**We give glory, honour and praise to God for the life changing work at Wakisa Ministries.**

**I always thank God for you and for your great support to make the Ministry serve the needs of the young pregnant girls who come to us from different parts of Uganda. I came home from Stuttgart Germany to a welcome of two lovely babies out of the 12 babies who were born in the month of September. However none was born on my Birthday which falls on the 20th of September.**

## DELIVERIES

Kisa, Penelope, Rebecca, Jessica and Fiona who are all 15 had babies.

Sadly Kisa's baby died soon after birth. The brother who had threatened to kill her when she conceived was not ready to receive her, so Rebecca was taken in by a staff member of Compassion International.

Jessica who was born with AIDS had a baby by caesarian section who is free from AIDS and thanks to modern medicine.

Fiona had a third degree perineal tear which required major surgery.

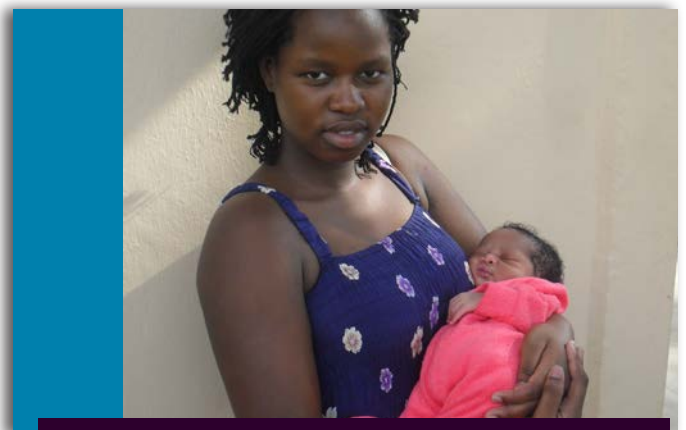

Olivia, Teddy and Margaret 16 years had babies too.

Brenda, Teddy, Sofia, Juliet and another Rebecca are 17 years and delivered normally.

Joan 20 years had a baby boy.

Teddy had hemorrhoids but were treated.

Glorious who is 5 months pregnant was going for an evening prayer and the taxi driver who took her went a different direction despite her screaming. He raped her and threw her out of the car. She was stranded and failed to find her home until late.

Glorious's left leg is lame and says she had bouts of fits at a tender age. Her parents and her sister did not believe her and threw her out of the home.

## ACTIVITIES

Vocational skills training has equipped the girls with cookery, tailoring, candle making, urban agriculture, health care and handcrafts.

The new girls have adapted very well with the routine program which is a training itself.

Ella is one of the girls who has been here for 4 months now and there is a great remarkable change in her! She is no longer fighting with friends and is cooperative with the staff. She says **GOD HAS SHOWN HER MERCY HERE** and she wants to be called Mercy. She has shared with me what they have learnt during this month- they have learnt how to make samosas. Pancakes, pineapple jam, pineapple juice and how to prepare a meal in cookery.

In Agriculture, they learnt how to make nursery beds for cabbages and tomatoes and planted carrots. The dark house is yielding good mushrooms. The chickens are 31 and are now 2 months old.

Crafts making classes have been mainly bags made from dried palm leaves and paper bead necklaces and earrings and bangles.

In tailoring the girls are learning how to make aprons, bags, baby clothes and hand stitching.

Bible Study in Alpha course coupled with teaching understanding the bible, the content, the authors and the chronological order by Katrin Schweizer.

Katrin has also been teaching the girls math.

The girls also have music lessons

## FAMILY

My family is busy making plans and preparation for Timothy and Ruth's wedding.

Paul has made very beautiful wedding cards.

I met with the parents of Ruth at a formal dinner in my home with my family.

My 60th Birthday found me up in the air on the 20th September on my way to Stuttgart Germany where I was treated to a Birthday cake and nice meal by Friedhelm and Kerstin of Hilfe fur Bruder. I thank God for the quality time that I spent with them as my host.

I treasured the time I spent with the rest of the staff and the different godly men and women I met and shared with them what Wakisa Ministries is all about.

May the Lord name be glorified through all your generous giving towards this LIFE CHANGING

May the Lord's name be glorified through all your  
generous giving towards this LIFE CHANGING  
Ministry

May He continue to bless you.

In His Service
